OUR TERMS

READ CAREFULLY

The seeds we offer are tested under our personal supervision before shipment, and every care is taken that none but reliable, fresh and genuine seeds are sent out.

Seeds of the best quality often fail, however, through various causes, improper planting or weather conditions; therefore we, **The Barteldes Seed Co.,** give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs or plants we send out, and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

All Grass, Field and Tree Seeds, Potatoes, and Onion Sets we will sell for cash only, no discounts. **Bills of Garden Seeds** amounting to $25.00 or more, are sold on terms of 60 days. Overdue accounts are subject to **sight draft** with exchange, without notice. Of new customers we require cash or satisfactory references. These prices are not for less than one-half pound of Garden Seed or five pounds of Peas, Beans or Sweet Corn, and are subject to variation without notice.

These prices do not include charges for bags, baskets and barrels, which are extra.

We send out no seeds on commission.

WHOLESALE CATALOG

To the Trade:

Gentlemen:

It gives us a great deal of pleasure to send you this Price List of the Fifty-first Year of our business. Last year, our Fiftieth Anniversary, was by far the biggest year in our history, and we wish to thank our many friends for their kind patronage.

The conditions in the garden seed business have been going from bad to worse for the past three years. In normal times, before the war, garden seeds were imported in great quantities from Europe. With the food supply almost exhausted, Europe is using every available piece of ground to grow foodstuffs.

As garden seeds are also a necessity in Europe they are buying largely in this country, and are willing to pay most any prices. Conditions this year are, therefore, just the reverse of normal. Instead of getting seed from Europe, we are exporting to Europe.

Seed growers in the United States have been making strenuous efforts and have made wonderful progress toward supplying this most unusual demand. This year, however, they met with many adverse conditions and many crops were very poor or failed entirely.

The supply of the seed of many varieties of garden seeds is very, very limited, and we know we will be sold out of many of these before the season is over.

We have indicated in this catalog by black face type those varieties of which we have a better supply than of the others. If you will give the varieties printed in black face the preference in your orders it will be to our mutual advantage.

If you do not have a copy of our General Catalog, please write us, and we will send you one promptly. We hope you will remember us when you are in need of any seeds, and assure you that your orders will have our prompt and careful attention.

Very truly yours,

THE BARTELDES SEED CO.

Adjusto Plant Support

Here is the simplest, strongest and most efficient plant support we have ever seen.

The stake is of hardwood painted green, and if repainted every season it will last for years. The heavy spring wire is also painted green and it will not rust.

It is instantly adjusted to any height and can be adjusted as the plant grows without disturbing the plant. It is indispensable for Tomatoes, Roses, Paeonies, Dahlias, Hydrangeas, Carnations, and any other plants needing support.
